## Interceptor 800 Bluetooth Connectivity:

[Setting the correct port configurations for the CP210x UBS to UART Bridge]

## INTERCEPTOR 800 BLUETOOTH CONNECTIVITY

Bluetooth interfaces very between manufacturers; this is the basic procedure for connecting the printer to a Windows Bluetooth interface:

Be sure the Wireless interface is turned on the printer. The Wireless LED should blink when the BT connection is active.

- 1. Open the Devices and Printers folder.
- 2. Select Add a device.
